Testing & Data

If You Can Dream It. Grow It. Craft It.

WE CAN TEST IT.

10 Reasons to Choose Certified

OUR PEOPLE

1 Expect the best experience possible. We are just as passionate about cannabis, hemp, and CBD as you are.

QUALITY

2 It's everything. This is our focus, and we'll never compromise.

BRAND

3 A Certified Testing & Data check mark clearly shows consumers your products are safe.

CERTIFICATE OF ANALYSIS (COA)

4 We've created the easiest-to-read, most consumer-friendly COA ever made.

SCIENTISTS

5 Our team has over 25 years of cannabis science and decades of life sciences experience from world-class companies like Pfizer, Abbott Labs, Digipath, SC Labs, Merck, Genentech, Amgen, Novartis, Microbac, Pace Analytical, and others.

FACILITY

6 We've incorporated experience and insight from over 100+ years in the lab space to create a best-in-class facility that is second to none.

CAPACITY

7 Our lab was designed from the ground up to accommodate the highest volume of product testing in the country.

ON-TIME DELIVERY

8 We're on 24/7 to hit your tight deadlines, and we'll rush samples when you're in a bind.

CANNALEPTIC

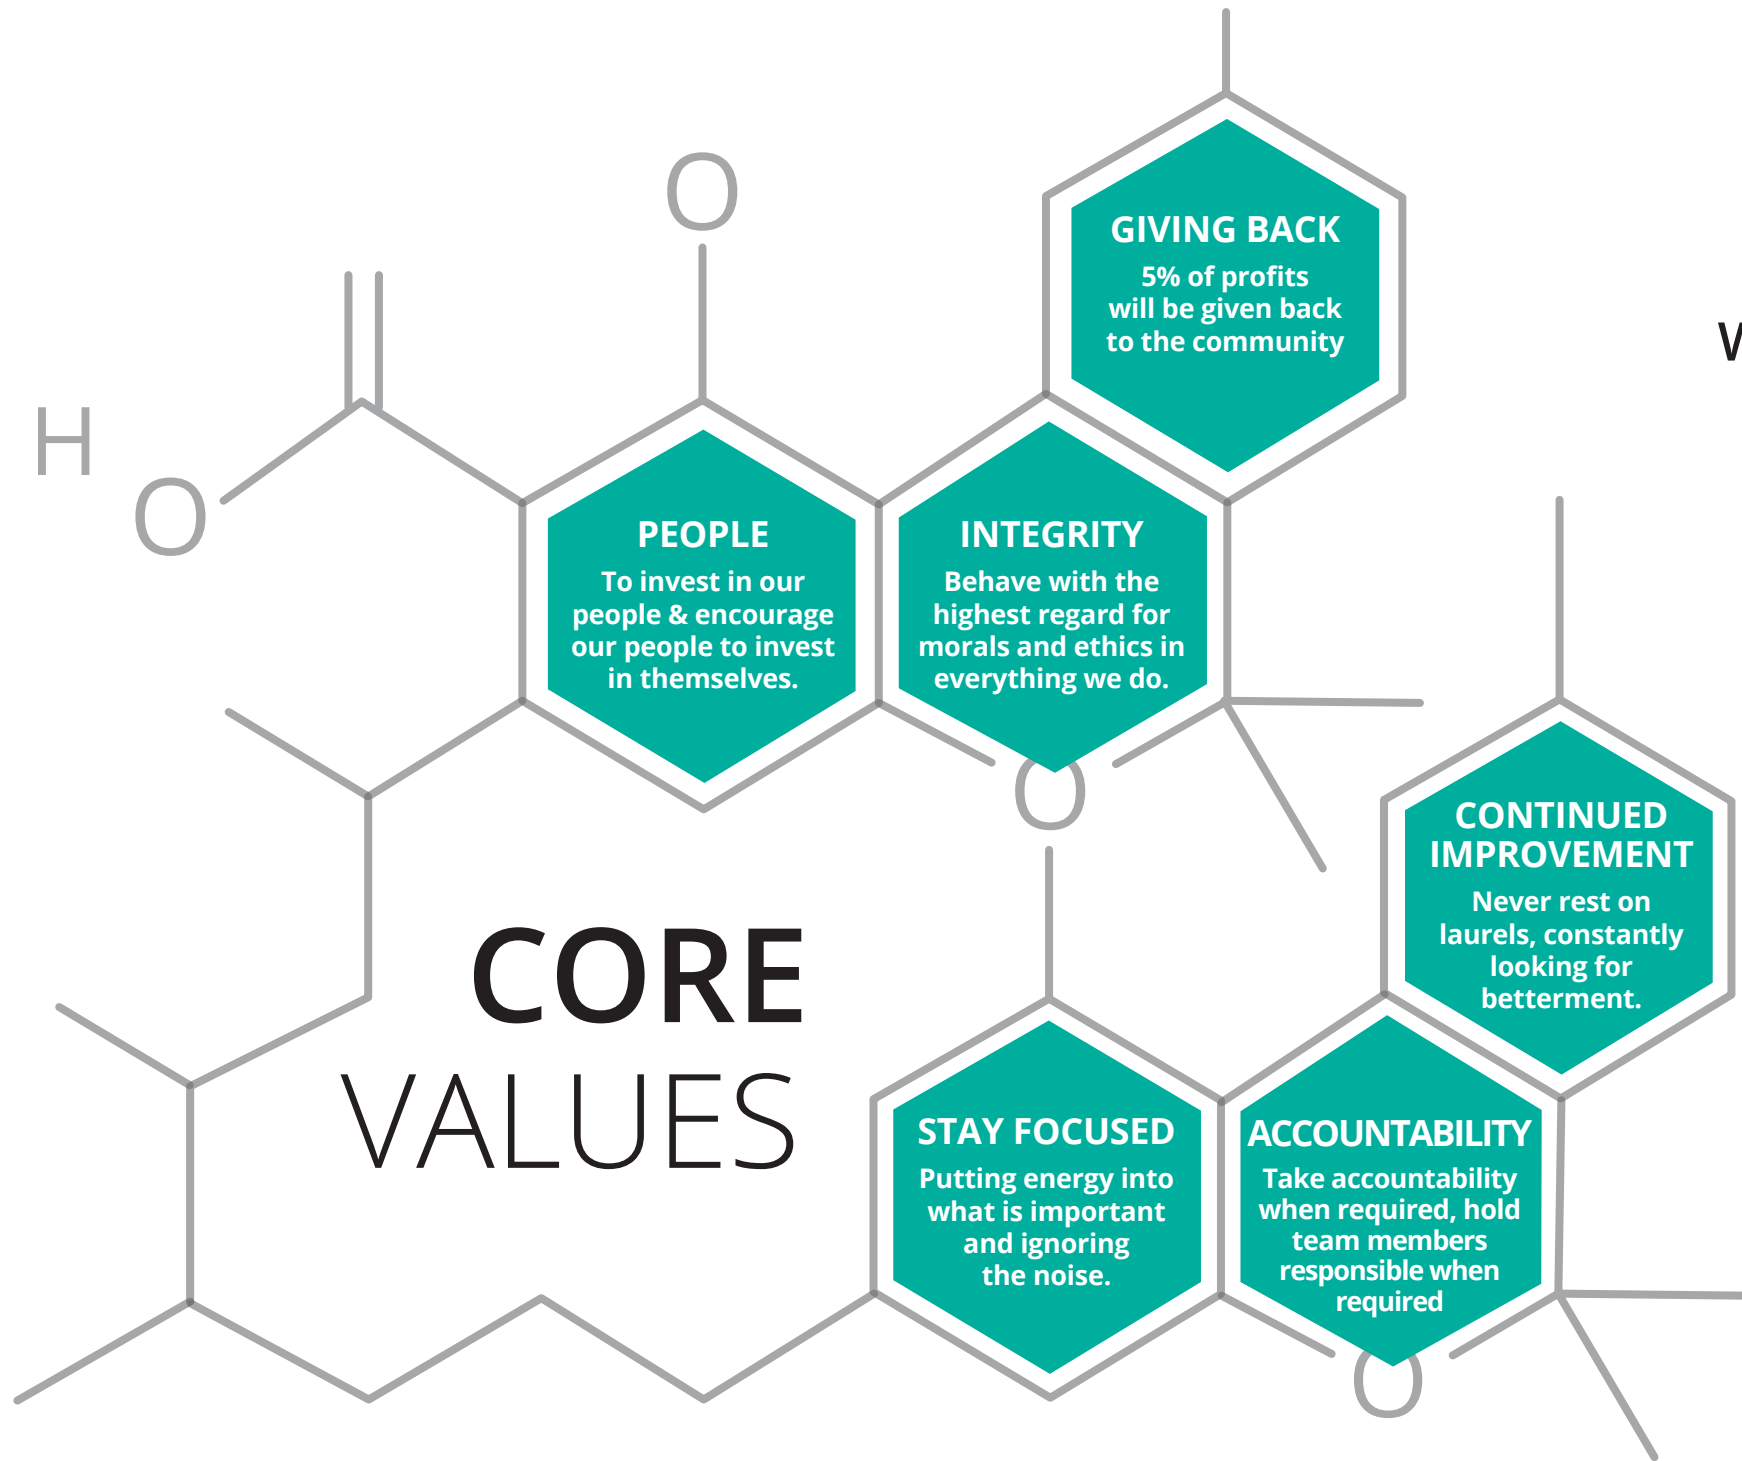

9 A new and proprietary test developed by Certified Testing and Data to qualify and certify what makes cannabis products the best through product characterization and consumer consensus. The test results in a product score so consumers can easily understand and compare product quality.

FREE TRAINING

10 We offer complimentary training for your team on cannabis and hemp science, compliance, and more.

Who We Are

MISSION

Working to help protect the **HEALTH** and well being of consumers.

VISION

OPTIMIZE

Our team develops a regimented plan to help you
set the most out of your plants.

MAINTAIN

We keep a consistent regiment to help prevent
problems and maintain optimized plant health.

Analytics

- Drive your biological assets to their max potential
- Program pays for itself
- Typical results 5-20% yield
- 1-4% potency increases
- Reduction in fertilizer costs

Cannaleptic[®] Ratings

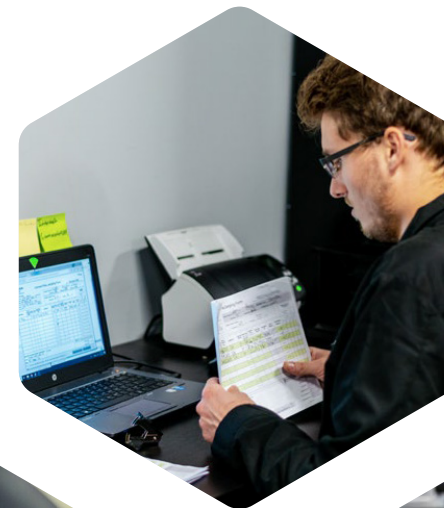

Cannaleptic ratings will change the way consumers choose and consume cannabis products. We are changing the measuring stick for product cost/ quality/ rating from a measurement of potency to a Cannaleptic score. Think about how we have become conditioned to shop for wine on a 100-point scale. Imagine a similar scale for cannabis products.

Our Quality

The Certified Testing & Data quality team has extensive experience in FDA regulated industries, giving us the expertise needed to navigate the progressive environment of cannabis and hemp testing.

- Understands and implements regulatory expectations
- Works constructively with regulators
- Maintains a strict Quality Management System (QMS)
- Automated QMS allows for us to be more efficient and effective
- Document control, CAPAs, changes, and more are tracked
- Clients can be assured that their concerns will be heard and resolved in a timely manner

Business With a Purpose

GIVING BACK IS PART OF WHO WE ARE.

We've pledged to give 5% of all our profits back to the programs and communities we care about, including a strong focus on negative impacts of the war on drugs, expungement, and health—especially children.

- Social Equity Program
- Consumer Safety
- Expungement Clinics
- Education & Training

INTEGRITY GUARANTEE

We stand behind our core values as individuals and as a company, and we promise to provide results to our customers and consumers with the utmost integrity. We will not change, manipulate, or otherwise alter testing data. We recognize this is a problem in the industry and we publicly proclaim our integrity guarantee.
